Infants Under 7 Days Old

Regardless of whether your flight is domestic or international, you are required to contact Reservations directly if your infant is under 7 days old.

Important Things to Know

- **Lap Infant Age Limit:** Infants must be under 2 years old for the duration of the entire trip. If your baby turns 2 before your return flight, you will need to purchase a separate seat for the return portion.
- **Baggage Allowances:** Delta Airlines Traveling with Children guidelines state that you can check one stroller, one car seat, and a diaper bag for free, in addition to your standard luggage allowance.
- **Boarding Passes:** Even though a domestic lap infant does not cost extra, the airline must still assign them a boarding pass. Both your boarding

pass and the 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 📞 infant's boarding pass 📞

How to Add Your Infant to an Existing Booking, Step by Step

Adding a lap  +1-877-664-12→61  infant to Delta Airlines is possible in 3 main ways,  +1-877-664-12→61  and knowing all 3 gives you flexibility depending on your situation.  +1-877-664-12→61  First, during the original  +1-877-664-12→61  purchase, simply select "Infant in lap" or  +1-877-664-12→61  "Infant in seat" on the passenger details page before paying.  +1-877-664-12→61  Second, for a reservation that's  +1-877-664-12→61  already confirmed, you can often update passenger  +1-877-664-12→61  details through the online trip management tool,  +1-877-664-12→61  though many international itineraries and  +1-877-664-12→61  certain fare classes require a quick call to  +1-877-664-12→61  Reservations instead. Third, if time is tight,  +1-877-664-12→61  agents at the check-in counter can add the  +1-877-664-12→61  infant before departure, provided you bring proof of  +1-877-664-12→61  age such as a birth certificate. On domestic routes, a lap infant flies at no extra fare cost,  +1-877-664-12→61  while international lap infants are ticketed and typically charged around 10 percent of the adult fare,  +1-877-664-12→61  plus applicable taxes and surcharges. Families who prefer extra security can purchase a  +1-877-664-12→61  dedicated seat instead, letting the baby ride in an FAA-approved car seat rather than on a  +1-877-664-12→61  parent's lap for the entire flight. On select wide-body aircraft, including certain 777 and 787 models, a limited number of bassinets, sometimes called SkyCots, are offered on a first-come,  +1-877-664-12→61  first-served basis at the gate; these are reserved for babies under 2 years old weighing no more than 20 pounds and aren't offered in premium cabins  +1-877-664-12→61  . Whichever path you choose, double- +1-877-664-12→61  check every detail 24 to 48 hours before departure so your infant's name and ticket status are  +1-877-664-12→61  properly attached to each leg of your itinerary. 

A few extra details are worth  +1-877-664-12→61  knowing before your travel date.  +1-877-664-12→61  Expecting parents flying close to their due date should note that a  +1-877-664-12→61  doctor's certificate is required if the  +1-877-664-12→61  due date falls within 4 weeks of the flight,  +1-877-664-12→61  and domestic trips under 5 hours aren't permitted  +1-877-664-12→61  within 7 days before or after a delivery date without special medical clearance.  +1-877-664-12→61  On board,

breast pumps and a small cooler for milk don't count toward your carry-on or personal item allowance, 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 which gives nursing parents 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 one less thing to juggle. Families traveling with a lap infant are 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 also usually invited to board a little 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 earlier than the main cabin, giving you extra minutes 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 to settle into your row and get your baby 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 comfortable before the rush of boarding begins. 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 Booking your seats in advance 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 is a smart move too, since American tries to keep children under 15 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 seated next to at least 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 1 accompanying adult when seats aren't chosen ahead of time. 🍼📞 +1-877-664-12→61📞 / +1-877-664-12→61📞

Flying with a baby doesn't have 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 to feel overwhelming once you 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 understand the Delta Airlines infant 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 policy from start to finish. domestic itineraries. 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 📞 For international routes or certain fare types, 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 📞 a quick call to Reservations 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 📞 is usually required instead 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 📞 . 3. Does a lap infant fly free on Delta Airlines? 📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 📞

📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 📞 On international routes, the infant must be ticketed

📞 +1-877-664-12→61📞 / +1-877-664-12→61📞 📞 and is typically charged around 📞

+1-877-664-12→61📞 / +1-877-664-12→61📞 📞 10 percent of the accompanying adult's fare, 📞

+1-877-664-12→61📞 / +1-877-664-12→61📞 📞 plus any applicable taxes and surcharges 📞
